

# Robert Rivoire

Artist biography

Robert "Bob" Rivoire records images with the hope that viewers may appreciate the elements of beauty in the world around them that they might not have noticed before. Each photograph is carefully composed and captures a unique circumstance that was simply there, and which Rivoire feels he had the good fortune to notice.

Rivoire has exhibited locally at many sites and in juried shows at both the Freeport Art Museum and Dubuque Museum of Art. His work is also currently displayed and represented in Galena by *Outside the Lines Gallery* and the *Galena Center for the Arts*.

Rivoire received his photographic education with a BFA in Photography at Art Center College of Design in Pasadena, CA.
